

# BIOTECH PROFILES

## Madison's Biotechnology Industry: Profile by Company Size

Madison's life science industry has a healthy mix of companies spanning all industry sectors. Based on the headcounts of the local business units, Madison has 7 companies with more than 250 employees, the largest being Covance Laboratories. Another 12 have over 100 employees.

Data as of May 2017

The top tier of companies is comprised of well-known companies representing different industry sectors. Covance and PPD are both major contract research organizations; the former is a leader in preclinical toxicology testing and clinical trial management and the latter in analytical services. GE Healthcare – Life Support Solutions and Accuray are medical device leaders; the former in anesthesia and critical care ventilation equipment, and the latter in radiation therapy systems. ThermoFisher is focused on lab devices for molecular spectroscopy and microanalysis. Promega is a global research products leader.

Companies with >250 Employees	Local Headcount
Covance Laboratories Inc.	1860
PPD Inc.	830
Promega Corporation	768
Exact Sciences Corporation	736
GE Healthcare – Life Support Solutions	630
ThermoFisher Scientific	500
Accuray Inc.	290

Note: Headcount is for the local site(s) only; does not include parent or global employees.  
Data as of May 2017

Covance, PPD, GE Healthcare, ThermoFisher and Accuray are business units of large, global parent companies. Promega and Exact Sciences are independent companies headquartered in Madison, with the latter being publicly traded.

The second tier of companies, those employing from 100-250 employees in Madison, are outlined in the following table. Five are in the medical and lab device sector (Bruker, Gilson, Natus Medical, Cardiac Science and Roche NimbleGen), with the rest spread across other sectors.

One member of this tier, Catalent Pharma Solutions, will soon complete a major expansion of its biologics manufacturing capacity, which will position them to add up to 100 jobs. This could graduate them into the top tier.

Companies with 100-250 Employees	Local Headcount
ABS Global	217
Natus Medical	200
DuPont/Danisco	200
Bruker AXS Inc.	190
Scientific Protein Labs	167
Cellular Dynamics Corp.	165
SAFC Pharma	155
Gilson Inc.	150
Harlan Laboratories	150
Catalent Pharma Solutions	145
Coating Place	140
Cardiac Science Corporation	129
Minitube of America	120

Note: Headcount is for the local site(s) only; does not include parent or global employees.  
Data as of May 2017

Gilson, Coating Place, and Minitube of America are privately held companies headquartered locally. All the others are business units or subsidiaries of larger, publicly traded parent corporations.

If you'd like to identify all companies by their size, on the navigation menu select Company Search > Search By Key Criteria. On this Custom Search screen, select Size from the Filter#1 menu, and then select the headcount of interest.
